Our Mission

Our mission is to be a leading global supplier of High-quality petroleum and petrochemical products by consistently delivering innovative, reliable, and sustainable solutions to our clients

Who Are We

At Setco Trading, we are a leading provider of innovative and sustainable solutions in the petrochemical and petroleum industries. With several years of experience, we specialize in the distribution of petroleum and petrochemical products that fuel the global economy.

We offer a wide range of products including Base Oil, Sulphur (Granular & Lumps), Urea (Granular & Prill), Gasoil, RPO, Rock Phosphate, Fuel Oil and other related products.

As a global industry leader Setco Trading is dedicated to providing the petroleum and petrochemical solutions of tomorrow, today.

Our long-standing relationships with stakeholders, customers, and communities are based on trust, excellence, and shared goals for a brighter future.

300+ Satisfied Clients **25+** Amazing Products

Our Products

Base Oil

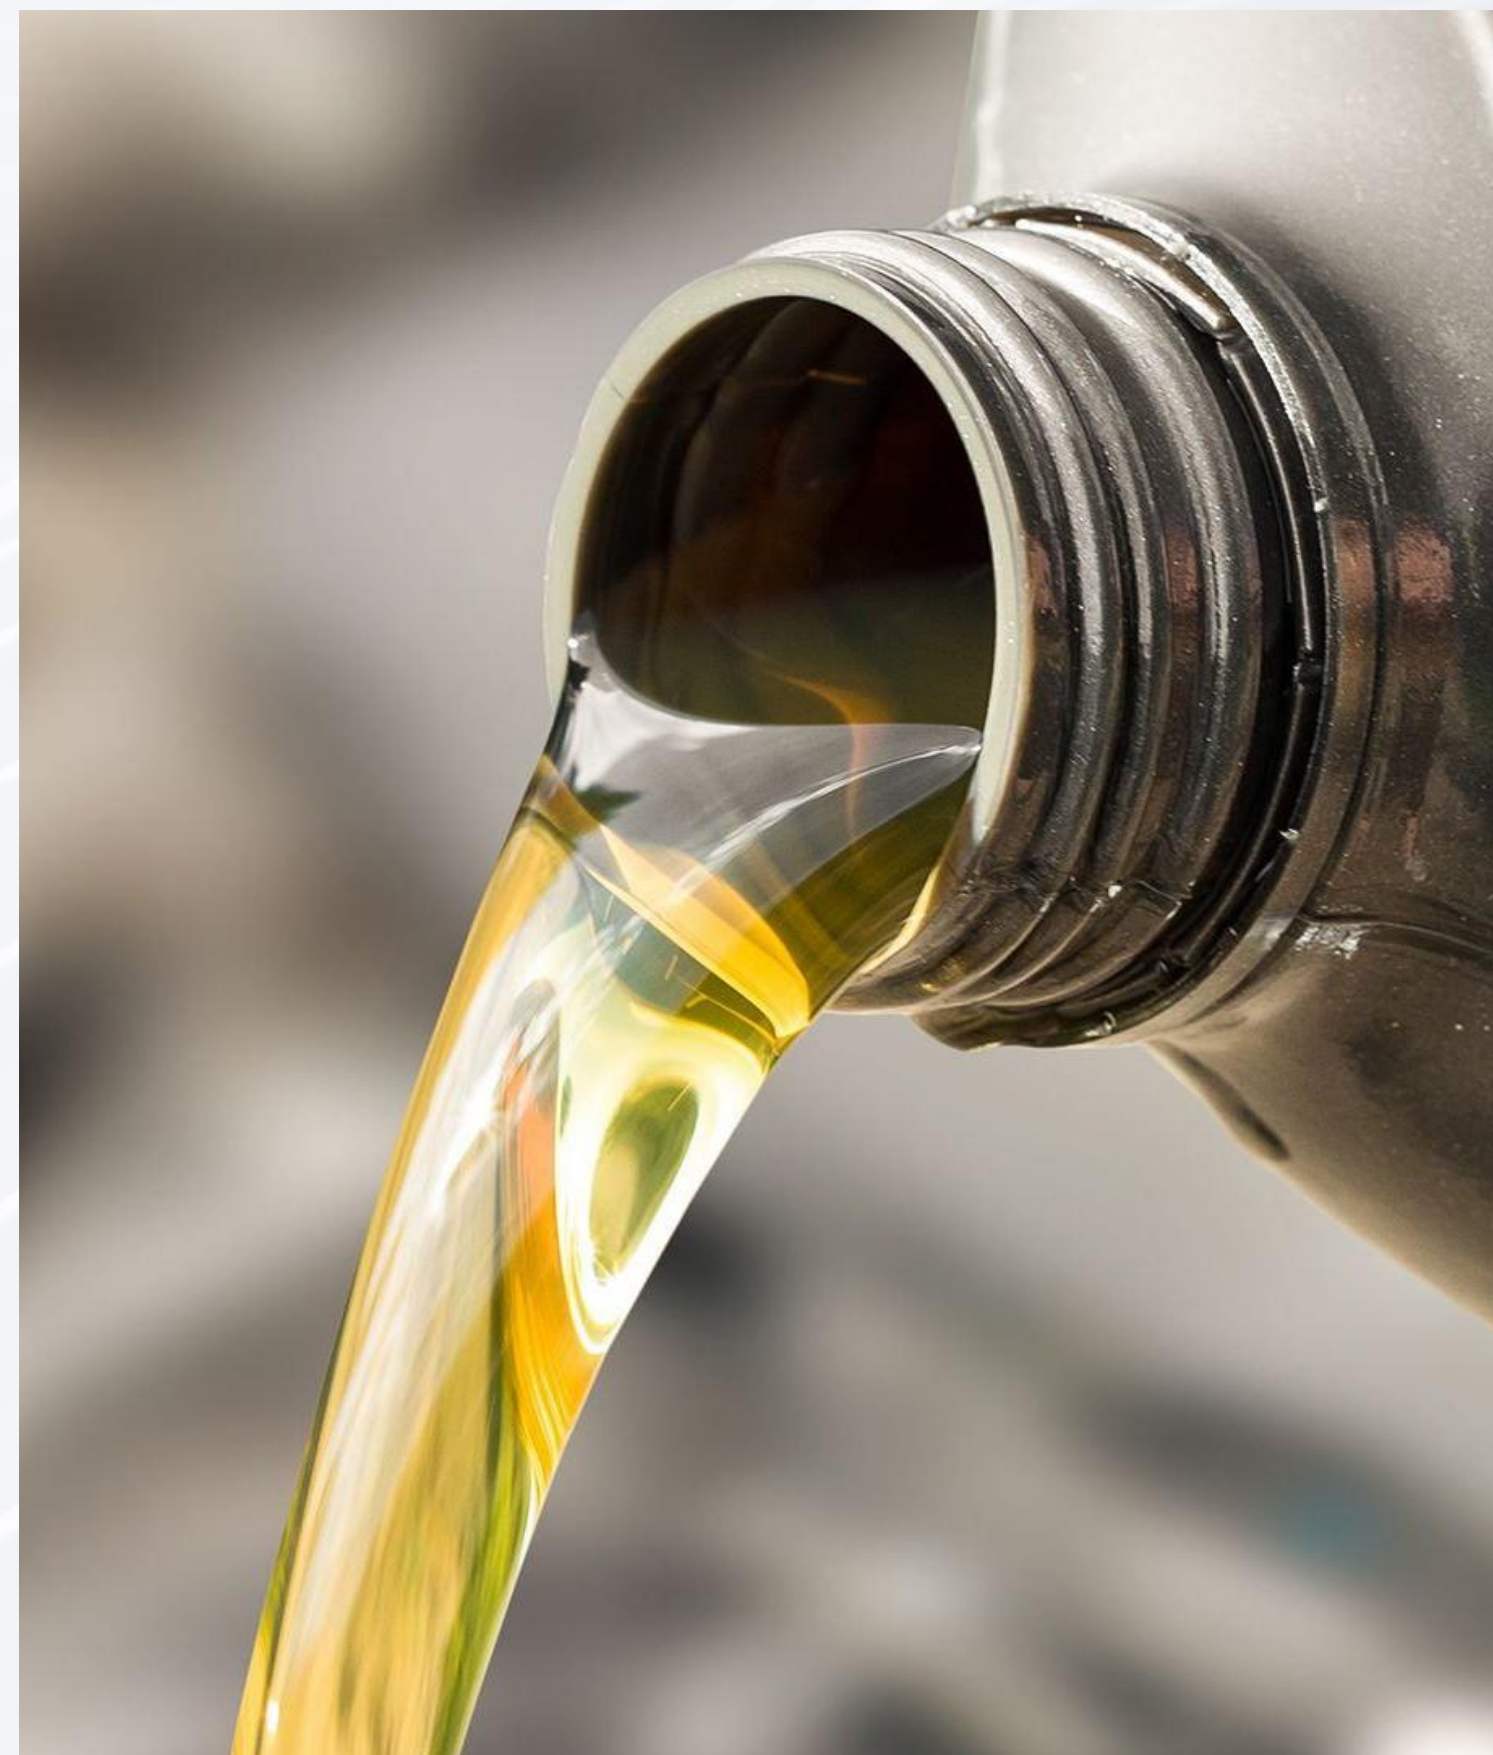

It is a key ingredient in the production of lubricants, such as motor oils, industrial oils, and greases. It refers to the refined petroleum product used as the primary building block for creating lubricants.

We are the global trader of Base Oil and can deliver any quantity from few metric tons in flexi tanks, drums, ISO containers and IBCS to as much as 20,000mt in bulk vessel.

At Setco Trading we offer base oil at competitive prices and in timely manner.

BASE OIL GRADE

- ✓ Virgin: SN60, SN150, SN300, SN500, SN600, N60, N150, N500
- ✓ Group III: CDT2, CST4, CST6, CST8
- ✓ Recycle: SN100, SN150, SN350, SN500

Our Products

Sulphur Granular | Lumps

Characteristics: Solid, odourless, yellow

Sulphur is typically processed and sold in two main forms:

Granular Sulphur and Lumps of Sulphur.

Both forms are essential in different industrial applications, and the choice of form depends on the specific use and processing requirements.

We at Setco offers bulk quantity of Sulphur in different parts of the world such as Vietnam, Indonesia, China, Malaysia, Durban, Dar al Salam and Singapore.

Our Products

Urea

It is one of the most widely used nitrogen-based fertilizers in the world, providing essential nitrogen for plant growth.

Urea is available in two common forms: **Granular** and **Prilled**.

Granular urea is produced using a process called granulation, where molten urea is combined with a binding agent and then formed into larger particles.

Prilled urea is a smaller, spherical form of urea that is created by spraying molten urea droplets into the air, allowing them to cool and solidify into fine spherical particles.

We at Setco offers bulk quantity of Urea in different parts of the world such as India, Bangladesh, Malaysia, Colombo, Taiwan and Sri Lanka .

Our Products

Gasoil

We are one of the top Gasoil suppliers in UAE. At Secto we offer premium quantity of 10ppm to 5000ppm. Our Gasoil follows the latest international requirements in environmental and quality standards.

Gas oil can also refer to the fuel used in larger industrial machinery, as well as certain engines like those found in ships or large generators.

SETCO LOGISTICS

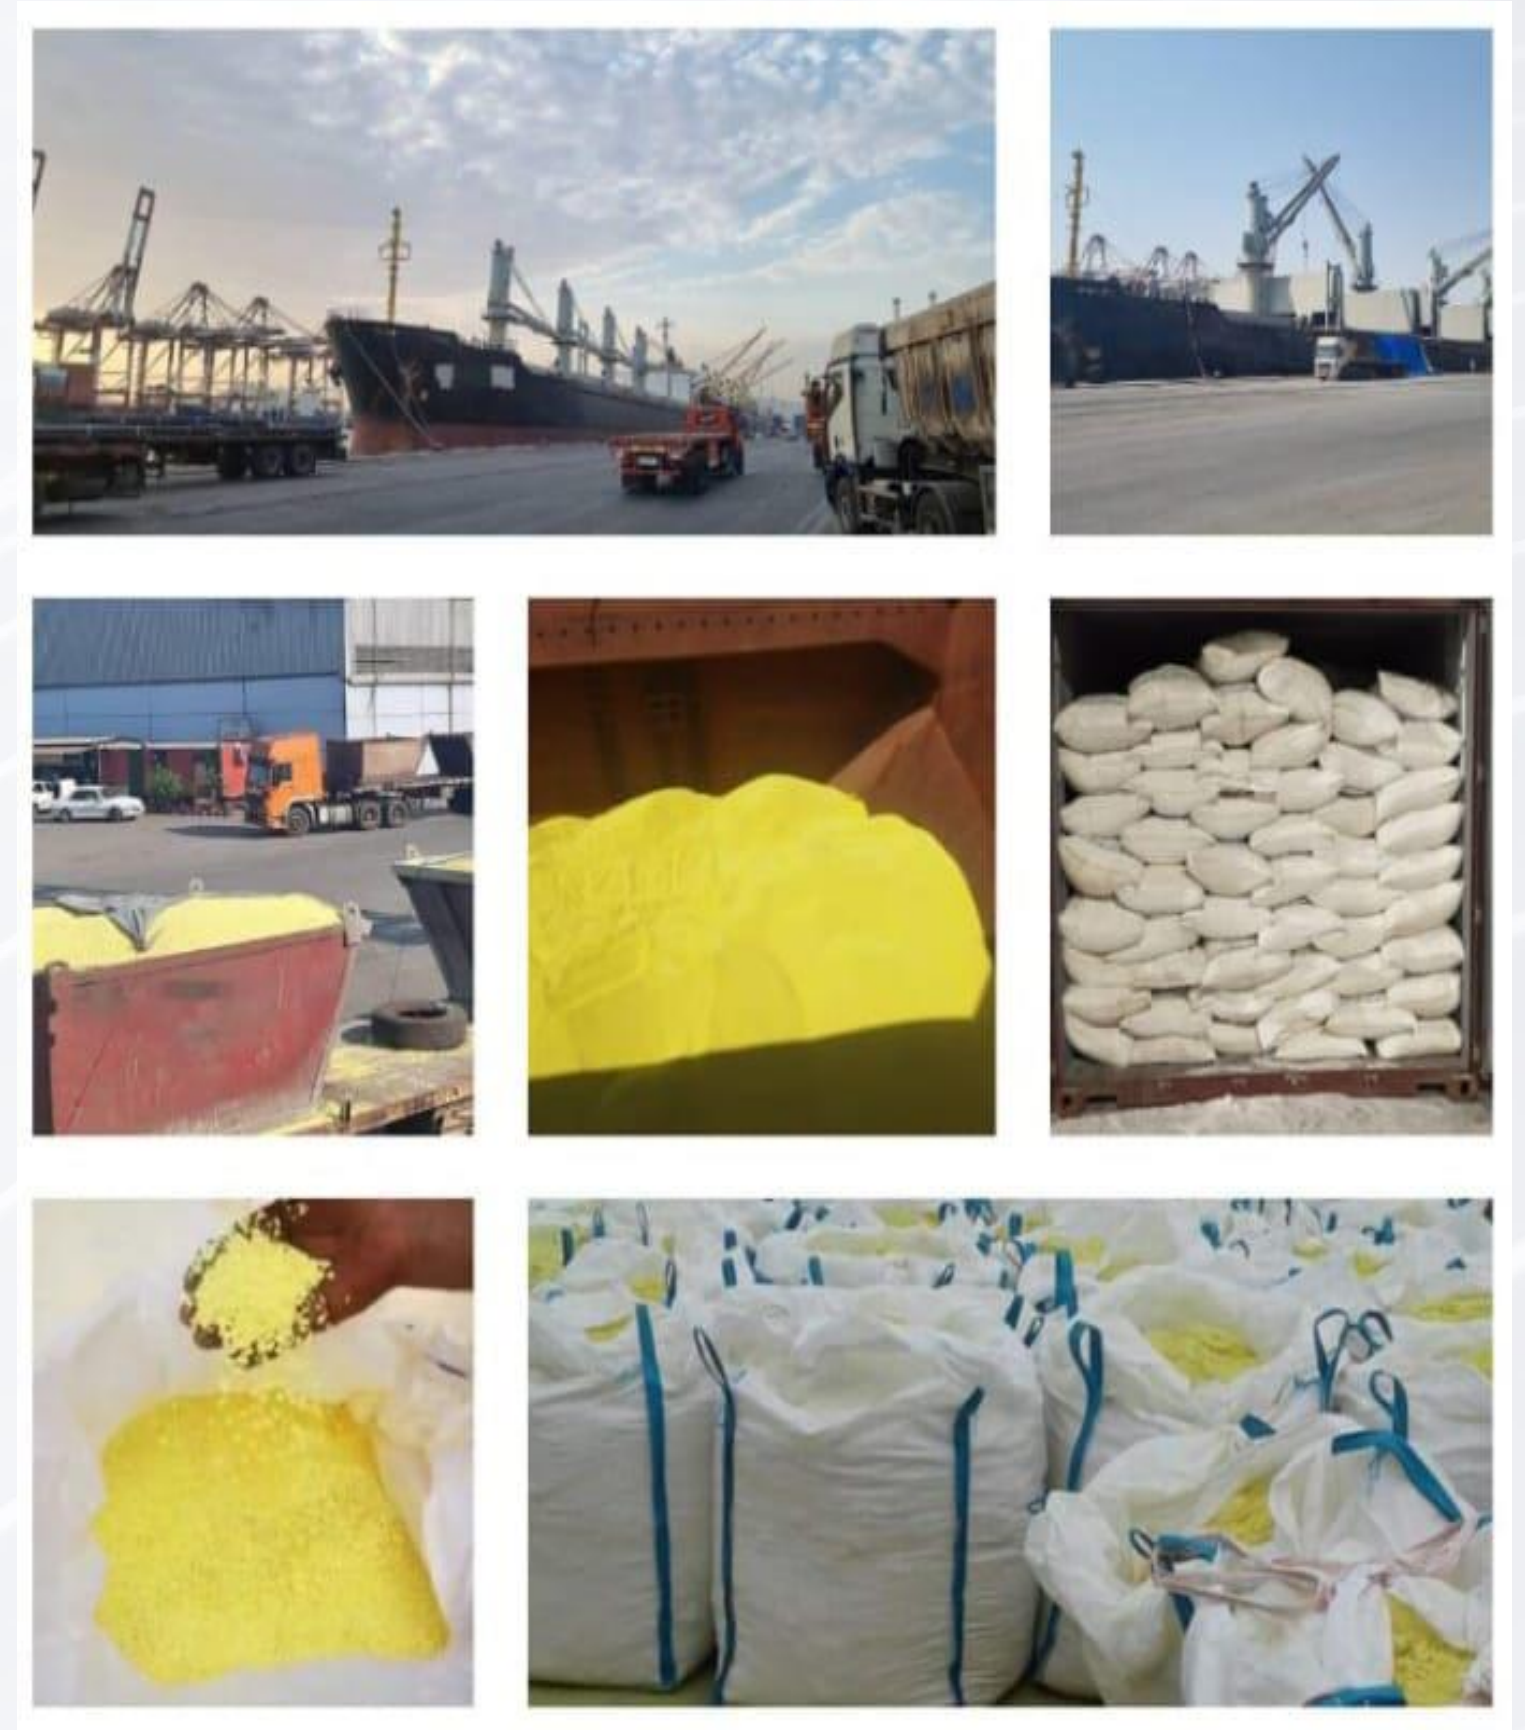

At Setco we take special care of your cargo.

We do container, drum, flexi, ISO tank, IBC, Jumbo bags, and 50kg bags loading and also offer break bulk vessel.

We are specialized in Logistics as below

- Sulphur Granular & Lumps 20,000mt to 60,000mt
- We do Urea in Bulk 12,000mt to 25,000mt
- Rock Phosphate 25,000mt to 50,000mt

Setco is also specialized in containerized cargo such as Sulphur, Base Oil, Urea, Gasoil. RPO and Fuel Oil

Why Setco Trading FZE

Our key strength that makes us a far better choice than our competitors.
